

Istanbul - Turkey , December 21st 2015

INVITATION
INTERNATIONAL WORKERS ANTIIMPERIALIST CONFERENCE
ISTANBUL - MAY 27TH - 28TH 2016

The **World Federation Of Trade Unions (WFTU)** and **Nakliyat-İş** call upon all militant unions from around the world to take part in the International Workers Antiimperialist Conference on the topic:

“Workers unite and fight against imperialist aggression, wars and blockades and the geostrategic plans of the imperialists”

The Conference will be held in Istanbul - Turkey, on May 27th - 28th 2016.

The recent developments prove that imperialism is ruthless. Global capitalism, especially in the European Union and the USA is continuously getting deeper in the international capitalist crisis dealing with its own contradictions. Imperialist aggression is getting more and more intense in places like Syria, Libya, Palestine, Iraq, generating grave risks of generalized war conflict.

Nobody is safe when the imperialists strengthen their aggression against the peoples of the world. These wars are taking place for the control over natural and economic resources. These wars are in the service of multinational corporations and monopolies. Concepts like “war for democracy” are mere excuses, trying to legitimize imperialist aggression in the eyes of the people.

The WFTU and Nakliyat-İş are calling upon class oriented unions to gather, discuss and coordinate joint activities, prepare the working class' response to the dire situation workers around the world are facing.

Unions that wish to attend may contact the following emails: info@wftucentral.org and disknakliyatis1975@gmail.com .

The hosts will assume for the delegates' stay in Istanbul for the days of the event, meals and local transportation. Airfare will not be covered.

Delegations requiring visas should do the registration as soon as possible, in order to have all proper documentation in time to participate in the Conference.

With fraternal and class regards,

George Mavrikos

WFTU General Secretary

Ali Rıza Küçükosmanoğlu

President of Nakliyat-İş
