AITUC Solidarity Statement to the Cuban People and the Working Class

" Indian working class, clearly understand the US imperialist's conspiracy in their ultimate aim of overthrowing the Cuban Revolution had been constantly on their offensive by way of sanctions and obstacles, all of which failed over the last 6 decades. Now yet another crisis is sought to be escalated making use of their mercenaries and creating a planned chaos and propagating this as peoples resistance to the Revolutionary regime of Cuba.

India's Central Trade Unions, the AITUC and other affiliates of WFTU as also the non affiliates extend their unflinching solidarity to the revolutionary Cuba in its onward march to uphold Socialism.

Unfortunately Biden continues the policy of Trump against Cuba. Earlier President Barak Obama took some steps to reduce tensions and bring foreseeable normalization. These efforts were negated by Donald Trump regime. By way of sanctions, essential goods and medical supplies to Cuba are stopped adversely affecting the Cuban people.

In spite of the overwhelming support extended by the members in the US General Assembly certain imperialist countries Veto the UN support by way of illegitimate and inhuman sanctions against cuba.

Cuban Government has been taking all efforts in support of the people's necessities and fighting the odds caused by the imperialists undauntedly.

Cuba is not alone. Millions outside Cuba also are in their support and solidarity. We urge the Government of India also to extend all support to Cuba, which is subjected to difficulties, though temporarily.

All support to Cuban people and the working class. Remove all sanctions and restrictions placed on Cuba and uphold humanity and fairplay".

Long Live Revolutionary Cuba.
