Stop the Crime against the Palestinian People

PAME denounces the new escalation of the occupation violence of the murderer-state of Israel against the Palestinians.

The murderous fury of the Israeli army even targeted the Children's Hospital in Jenin, while the bloody list of dead and wounded is growing dramatically.

Palestine is burning. Israel is murdering. US-Russia-EU governments cover up the crime.

The peoples stand with the heroic people of Palestine.

The trade unions of Greece demand the immediate STOP of all economic-political-military cooperation with the murdering state of Israel.

VIVA Palestine!
